The academic background will be checked by a special Board, which will evaluate the knowledge acquired in the fields of mathematical analysis, geometry and algebra, rational mechanics, physics, chemistry, fluid machines, energy systems, industrial technical physics, electric machines and drives. Such knowledge will be verified by assessing the university career; an interview may also be necessary.

Based on specific procedures provided in the Educational Regulation of the Master's Degree Programme in Energy Engineering, if the study programme is not perfectly consistent with the requirements, the Board will evaluate the need to integrate the curriculum with an extra programme borne by the student to be successfully completed by 31 July 2026.

4. Submitting an online application for evaluation

To submit their application, students must:

- register on the website www.esse3.unimore.it (upper left) to get the username and password required for access to the Restricted Area. Please check that the e-mail address provided is correct in order to receive any future communications;

IMPORTANT: the application is correctly submitted only **after saving the data and answering YES to the question** "Do you want to submit your application now?"

PLEASE NOTE:

After having attached the documents and confirmed the evaluation request, the **esse3** system will invoice an admission fee (please see "fees section" on **esse3**) of **€20,00 not refundable**, to be paid in order to be evaluated. The payment must be made by **30 April 2026**.

5. Amending or reopening an online application for evaluation

Before the evaluation results:

Should the applicant need to reopen the application and correct the data or add extra documents before the deadline of 30 April 2026, please send an e-mail to the Registrar's Office segrstud.scienzemetodi.ingegneria@unimore.it.

6. Assessment Results

The Examination Board, appointed by the Board of the Department of Sciences and Methods for Engineering evaluates the qualifications and the documental evidence provided.

Applications will be evaluated based on the order of submission. The Board normally meets every 3 weeks. The results of the assessment will be made available to students at <https://siaweb.unimore.it/public/valutazionilm/EsitiE.aspx?aaId=2025&testid=10&en=1> and also sent via e-mail to the address indicated during registration.

The above-mentioned page will show one of the following results:

- **PASS:** the student's background knowledge is deemed suitable and the curricular requirements are met; as a consequence, if the study qualification has been awarded, the applicant may complete the final enrolment in the programme by following the instructions outlined in 7.
- **ADDITIONAL REQUIREMENTS:** after considering the admission requirements and the suitable initial preparation, the Board will indicate any weaknesses (so called educational debt) and the means to comply with them. Any educational debt shall be complied with before the enrolment and in any case by 31 July 2026 to ensure that the applicant has enough time to enrol by 22 December 2026.
- **FAIL:** in this case the examination board will state the reasons for evaluating the student's academic background as not suitable, or the curricular requirements have not been met. In this case, applicants will not be allowed to enrol.
- **INCOMPLETE APPLICATION:** if the Board decides that no assessment can be made as the required documentation is incomplete, the application will be labelled as "incomplete documentation" and it will be automatically reopened with status "not final application". The applicant shall attach the missing documents and finally close the application for a new assessment.

The following may also appear:

- **NOT FINAL APPLICATION:** if the student has not explicitly confirmed the application by answering YES in the specific field "Do you want to submit your application now?", hence the application cannot be assessed.
- **FOR ASSESSMENT:** the application has been submitted by the applicant, but the examination Board has not yet assessed the application
