THE MANAGER

GIVEN the resolution of the Council of the Surgical, Medical and Dental Department of Morphological Sciences related to Transplant, Oncology and Regenerative Medicine dated 17.10.2023 concerning the activation of an grant for the performance of research activities within the framework of the project “PNRR - Missione 4 “Istruzione e Ricerca” - Componente C2 Investimento 1.1 “Fondo per il Programma Nazionale di Ricerca e Progetti di Rilevante Interesse Nazionale (PRIN)” “*Innovative mucosal models as prototypes for in depth studies on the pathogenesis of monomicrobial and polymicrobial infections*”, project code: 2022C7JE2F (CUP E53D23001270006);

HAVING SEEN the decree rep. no. 547/2023 prot. nr. 290071 del 29/11/2023 with which the public selective procedure was announced, based on qualifications and interview, for the assignment of no. 1 “junior grant” at the Surgical, Medical and Dental Department of Morphological Sciences related to Transplant, Oncology and Regenerative Medicine – S.S.D. MED/07 (Microbiology and clinical microbiology) – Tutor Professor Claudio CERMELLI, entitled “Characterization of innovative mucosal models for in vitro studies on mono- and polymicrobial infections”;

HAVING SEEN our correction note prot. n. 295524 del 06/12/2023 relating to the general admission requirements;

TAKING INTO ACCOUNT that the deadline for the announcement is set at 1:00 pm on 20 December 2023 and without prejudice to any applications submitted;

D E C R E E S

Art. 1

The Article 4 of the notice relating to the public selective procedure referred to in the introduction is modified as follows:

Art.4

General admission requirements

This selection is open to applicants who have obtained the qualification of research doctorate or an equivalent qualification abroad or a postgraduate specialty program of medical area system or those who are in possession of a master's degree (DM 270/2004) belonging to the LM-6, LM-9, LM-13, **LM-41** classes and equivalent by law to these supported with a professional scientific curriculum suitable for the performance of research activities, with the exclusion of personnel with tenure at universities, institutions and public research and experimentation bodies, the National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA) and the Italian Space Agency (ASI), as well as institutions whose postgraduate scientific diploma has been recognised as equivalent to the title of research doctorate pursuant to Art. 74, fourth paragraph, of Presidential Decree No. 382 of 11 July 1980.

In the case of qualifications obtained abroad, the equivalence of the foreign qualification required for access to the selection is the responsibility of the Selection Board.

In this case, the application must be accompanied by documents enabling the selection board to make its decision (e.g. declaration of value in situ issued by the competent embassies).

Persons who are excluded from the active political electorate may not be admitted to the selection procedure.

Applicants are required to have no pending criminal proceedings or convictions. In any case, the Administration reserves an autonomous discretionary assessment of the relevance of the offences committed, also in order to

protect its good name and image. It is in any event the applicant's responsibility to state expressly in the application form that s/he has been convicted of any criminal offence, even if not final, and/or that there are pending criminal proceedings against him/her.

Foreign nationals must also possess the following requisites:

- a) enjoy civil and political rights in the country to which they belong or from which they originate;
- b) except for holders of Italian nationality, be in possession of all the other requirements provided for citizens of the Republic;
- c) have an adequate knowledge of the Italian language.

Candidates must be in possession of such requirements at the date of expiry of the term established in the notice of this selective procedure for the presentation of the entry application.

Candidates are accepted for the selective procedure with certain reservations.

The Administration may order exclusion from the selective procedure due to lack of prescribed requisites at any time as long as such exclusion is duly motivated.

The following will determine automatic exclusion from the selection process:

- 1) lack of applicant's signature, as provided by art. 5;
- 2) failure to comply with the respect of the deadline and/or the procedures for submitting;
- 3) failure to meet the requirements referred to in this article paragraph 1.

Pursuant to article 18 of Law 240/2010 contracts in any professional capacity cannot be awarded by the University to individuals who have any degree of relationship or are in any way connected, up to the fourth degree included, with a professor employed at the centre or the facility requesting the activation of the contract, or with the Rector, General director, or a member of the Board of Directors of the University.

The research grant cannot be awarded to the winning candidate who follows a degree course or second-cycle or specialization school degree or university master.

Contracts can be awarded to non-community nationals only after the demonstration of their regular stay in Italy and their regular position about immigration matter (d.lgs. nr. 286/1998 and following amendments).

Anything else established in the decree rep. no. 591/2023 prot. no. 294976 of 5/12/2023 cited in the introduction remains unchanged.
